Fundraising Goal: US$150,000

Every Girl Deserves an Education. Every Girl Deserves a Future.

By Rouen Foundation

Education is one of the most powerful ways to break the cycle of poverty. Yet thousands of girls in Uganda continue to face financial and social barriers that make it difficult to attend school, continue their studies and achieve their dreams.

For many families living in poverty, providing school fees, uniforms, books, transportation and daily meals is a constant struggle. Some girls are forced to miss school or discontinue their education simply because their families cannot afford the necessary expenses.

Girls also face additional challenges, including inadequate menstrual hygiene facilities, limited learning resources, unsafe journeys to school and social pressures that can interrupt their education.

Why We Need Your Support

According to UNICEF Uganda, financial difficulties are among the major reasons children do not attend school or drop out. Girls can face additional barriers related to gender inequality, early pregnancy, menstrual health and safety.

Behind these challenges are girls who want to learn, become teachers, doctors, entrepreneurs, professionals and community leaders.

They do not lack dreams. They lack opportunities.

Our Mission: Make Education Accessible to Every Girl

We are launching the **Give Her the Gift of Education in Uganda** fundraising initiative with a goal of raising **US$150,000**.

Through this proposed 12-month programme, we aim to support up to 200 vulnerable girls, subject to a local needs assessment and verification of participating schools and beneficiaries.

Our proposed support includes:

- School fees and approved educational expenses.
- School uniforms, books and stationery.
- Nutritious school meals.
- Menstrual hygiene products and education.
- Safe transportation to and from school.
- Additional lessons and academic mentoring.
- Child protection and educational support.
